The Fleet Sheet

A monthly Newsletter from the Mayport Navy League

Vol. No. 15 No. 4
April 2014

From the Bridge

Mayport Navy Leaguers-

March was a very busy month for the Mayport Navy League. We had our normal monthly dinner at a new venue that was co-hosted by the Propeller Club to honor the Coast Guardsman of the Year, we welcome back the USS Simpson, our Sea Cadets were introduced to a great small arms shooting practice, and we had a "No Dough Dinner" at the USO. Thanks to all who participated in these great events.

Our Coast Guardsman of the year banquet was outstanding. Jacksonville Golf and Country Club did great job. Our collaboration with the Propeller club over the years has really been a great opportunity to recognize the Coast Guard in a way we have never been able to do in the past. CAPT Allen and his staff at Sector Jacksonville was a great asset for this large dinner and I want to thank them for all of their great input and help. I said last month how impressive the Marine of the Year was (by the way, SGT Nix helped at the shooting range with our Sea Cadets), but the Coast Guardsman of the year was equally impressive. Petty Officer Bobby Hitchcock truly embodies the type of selfless sacrifice that we see in today's maritime services.

April looks to be just as busy. First, there are a few decommissionings and change of commands-look for emails on those items. Second, we will have our quarterly Sailor of the Quarter Luncheon-see the monthly schedule. Finally, we will have our normal dinner on April 17th at Ocean Breeze. This will be a very special dinner. We will honor our Mayport Navy sea, shore and air sailors of the year. If you have never been to one of these, I encourage you to come. To see these fine young sailors and their accomplishments really brings home our purpose. The gifts that Betty Howard, Candy Coy, Margaret Kennedy and Debbie Mullinex put together have been nothing short of incredible.

NEXT DINNER 17 April 2014
Navy Focus Night
Honoring Mayport Sea, Air and Shore Sailors of the Year

CNO Says: 'No Plan' to Change Retirement

During a March 18 all hands call in Mayport, Fla. Chief of Naval Operations (CNO) Adm. Jonathan Greenert asserted that changes to the military retirement system are far from taking effect and that there is no plan in place to change it.

Greenert made it clear at the all hands call and in a recent "Conversation with a Shipmate" interview, "If you wear the uniform today, today's retirement system is your retirement system."

Pushing back on recent retirement articles, Greenert told Sailors in Mayport, "There is no plan today to change retirement."

Greenert said the rumors of retirement changes stem from the Department of Defense recommendations to the Military Compensation and Retirement Modernization Commission reviewing military retirement for Congress.

The President established the commission to conduct a review of military compensation and retirement systems. The commission is tasked to submit a report of its findings, along with its member's recommendations, by May 1, 2014 to the President and Congress.

"Any retirement change that would take place is quite a ways down the road," said Greenert.

From the Bridge - *Con't from page 1*

We have a great speaker that will also present the awards to our awardees. CAPT Clay Conley, Commodore, Helicopter Maritime Strike Wing –Atlantic, is going to give us an update on the roles that the new SH60R will play the Navy's future. Remember, you can sign up on line, or sending in the attached dinner reservation.

The last item I want to mention is membership. I will continue to touch on this topic throughout the year. We are all on the membership committee and I would encourage all to look for opportunities to reach out to friends and family to join the Navy League. Take them to our website and you can show them all of the great support we provide the maritime services. We have started to gain new members again and with everyone's help we can make sure that trend continues.

Rick Costner
President -
Mayport Navy League

From the Congressional Affairs Chairman - *Con't from page 1*

When asked about the possibility of a new retirement system, Greenert said "It's going to be a few years before we get one put together, studied, voted on and implemented."

An overhaul to military retirement is being considered to ensure fiscal sustainability for the Armed Forces as well as ensure quality of life for service members who choose to make the military a career.

Greenert said if there are changes, service members will have the option to transition to a new system but will still have the option to stay in the current retirement system they signed up under.

Earlier in the day during a visit to Naval Submarine Base Kings Bay the (CNO) said "The Navy needs to replace the aging Ohio-class ballistic missile submarines at Naval Submarine Base Kings Bay, and it needs to do it on schedule."

"We have to build an Ohio replacement," Adm. Jonathan Greenert told an audience that included elected officials from Georgia and Florida. "It will happen, and it will be done right. The first ship will be on patrol in 2031."

The British Navy is also planning to build a new fleet of ballistic missile submarines, and will share the same nuclear missiles as those on the next generation of submarines that will be built in the United States.

One looming concern is how federal budget constraints will affect the four major ship building companies used by the Navy.

"They have the right kind of capabilities. We have to have the industrial base to build the future Navy. It does limit our options," he said of cuts.

He said the world is dependent on its oceans, where 90 percent of global trade travels and 80 percent of the world's population lives within 100 miles of an ocean.

"These places need to be stable or it affects the economy," he said. "We need to be where it matters, when it matters. If you're late, it's like you're not there."

"Our ability to respond is drastically reduced," Greenert said. "We distribute the ships the best way we know how. It's being where it matters anywhere in the world."

U.S. Rep. Ander Crenshaw, R-Jacksonville, praised strong support for the Navy in south Georgia and north Florida."This demonstrates the great bond between the Navy and the community," he said. "It really is a triangle of excellence. It helps folks realize how important the military is."

J.Michael McGrath
Congressional Affairs Chairman

New Things in Our Navy

Ballistic Missile Defense - our Navy is sending 4 Aegis Arleigh Burke (DDG-51) class guided missile destroyers with Aegis Ballistic Missile Defense capability to be homeported at Rota, Spain. The ships will operate forward in the Mediterranean. By homeporting them in Rota, the required continual presence in the Mediterranean will be much more efficiently accomplished. USS Donald Cook (DDG 75) left Norfolk 31 January 2014 for Rota and will be followed by the USS Ross (DDG 71) and USS Porter (DDG 78) from Norfolk and USS Carney (DDG 64) from Mayport. This is part of a national commitment to support the defense of Europe from ballistic missiles. The phased land based approach is based on our Navy's Lockheed Martin engineered Aegis Weapons System and will have radars and missiles based in Romania and Poland.

Laser Guns at Sea - Our Navy has been testing different laser technologies for years and has developed a fiber solid -state laser that will be installed in USNS Ponce - the afloat forward staging base operating in the Arabian Gulf.
This system is will be tested in that environment for suitability against small aircraft or high-speed boats. The advantage is that the ship generates the electricity for each shot at a much cheaper cost per shot (as opposed to naval gun rounds or missiles). There is no space and weight taken up with magazines and there is no explosive powder required to be stored in the ship - remember, your Sailors sleep next to their ammunition, so this is a very good thing!!!

Mayport Navy League Shipmates - Host Wounded Warriors to the Battle of Midway Event and Dinner on 7 June!

We are again hosting the Wounded Warriors, and their spouse or guest, who are attending the Wounded Warrior Project Jacksonville campus classes.

Currently there are about 25 Warriors in residence. They hear about this event from class to class and we continue to have a high percentage accept our offer!

As in the past, we provide two tickets ($65/each) and a double occupancy hotel room for the night ($110 including breakfast) - We want them to have a great, relaxing evening - and **NOT** drive home on Interstate 95!

This year, the total cost of sponsoring a Wounded Warrior and spouse/guest or two Warriors is $240 for the package.

Your support is again requested - we are happy to take any donation!

Please make your check payable to:

June 24-29- Navy League of the United States
Annual Convention - San Diego, CA
Summer - No Mayport Council Dinners
Monthly mixers every 2nd Wednesday
Have a safe summer!

Carillon at Jacksonville National Cemetery

At 10AM on a chilly, damp 1 March - a new Carillon was dedicated at the Jacksonville National Cemetery.

The effort was made possible by the AMVETS and the Rotary Club of North Florida. The AMVETS have led the efforts to have a Carillon in place at hundreds of National Cemeteries - not only throughout the United States but over seas - including in Europe, Libya, The Philippines! The Rotary Club of North Florida led the local effort to find sponsors who would provide "in kind" donations of technical skill and facilities. Local companies provided support that ensured the Carillon foundation was stable and assisted in various aspects of the erection of the Carillon structure itself.

The audience was clearly made up of Veterans. Congressman Crenshaw spoke and the Director of the Jacksonville Cemetery commented in his opening remarks that as of the afternoon of 28 February, our cemetery had 6,510 veterans buried there - and the cemetery has only been open about 5 years!

The honor guard that presented our National Ensign was from the Naval Air Station Jacksonville Honors Support Team.

The Honor Guard looked sharp in the uniforms that we help them dry clean and they sent their thanks to us for our support in ensuring they always look sharp for our Veterans!

Sector Jacksonville Sailor of the Year Honored at Dinner March 13, 2014

Petty Officer 2nd Class Bobby Hitchcock

Sector Jacksonville Sailor of the Year

Leading Fisheries Enforcement Boarding Officer

Petty Officer Hitchcock is a native of Tulsa, Oklahoma, who on the advice of a family friend joined the Coast Guard at the age of 18. In 2006 he attended basic training in Cape May, NJ as a member of Company Tango 174. Since completion of basic training Petty Officer Hitchcock's first duty station was an Island Class patrol boat, the USCGC MONHEGAN and the USCGC PEA ISLAND both home ported in Key West, FL. From there he was off to Training Center Yorktown, VA to attend Machinery Technician "A" School where he was the top graduated his class.

After "A: school Petty Officer Hitchcock reported to Coast Guard Aids to Navigation Team (ANT) Galveston, TX where he quickly certified as an AtoN crewmember, boat engineer and a boom crane operator on both the 55-foot and 26-foot AtoN platforms. During his tour at ANT Galveston, Petty Officer Hitchcock laterraled over the newly established Maritime Enforcement Specialist rate. Currently Petty Officer Hitchcock is assigned to Station Mayport in Atlantic Beach, FL where he serves as the as the leading Fisheries Enforcement Boarding Officer, Assistant Weapons Petty Officer and Assistant Law Enforcement Petty Officer as well as being qualified on the 25 and 45 response boat platforms.

Petty Officer Hitchcock is married to Amanda Hitchcock from Tulsa, OK. They are proud parents of Peyton Hitchcock (3). Amanda attended Langston University in Tulsa, where she earned a Bachelor's degree in Science and Nursing.

CAPTAIN CLAY L. CONLEY
Commodore, Helicopter Maritime Strike Wing - Atlantic
Special Guest - Mayport Council Dinner

CAPTAIN CLAY L. CONLEY United States Navy Captain Clayton "Clay" Conley is a native of Lexington, OK and graduate of Oklahoma State University. He received his commission in September 1988 through the Aviation Officer Candidate School Program and was designated a Naval Aviator in October 1989.

Upon completion of SH-2F fleet replacement pilot training with the HSL-31 "Arch Angels", he reported to the HSL-33 "Sea Snakes", NAS North Island, CA, where he served from August 1990 until January 1994. He deployed as Detachment Administrative and Operations Officer aboard USS COPELAND (FFG 25) in the Western Pacific and Detachment Maintenance Officer aboard USS REID (FFG 30) in the Red Sea and Arabian Gulf. He also deployed as Detachment Officer in Charge aboard USS LEWIS B. PULLER (FFG 23) in the Eastern Pacific. He served as the squadron ASW Officer, Quality Assurance Officer, and NATOPS Officer, completing his first operational tour with over 1,000 flight hours in the SH-2F.

Following a short assignment as Assistant Administrative Officer at Helicopter Anti-Submarine Light Wing, U.S. Pacific Fleet, Captain Conley transitioned to fly the SH-60B. He subsequently served as an SH-60B instructor pilot with the HSL-41 "Seahawks" from April 1995 until October 1997 serving as Schedules Officer, Pilot Training Officer, and COMNAVAIRPAC SH-60B NATOPS Evaluator.

Captain Conley reported for duty aboard USS ESSEX (LHD 2) in November 1997 where he served as the Flight Deck Officer and Assistant Air Officer. In 1998, he deployed to the Arabian Gulf in support of Operation SOUTHERN WATCH.

In April 2000, Captain Conley reported to the HSL 45 "Wolfpack". He served as the squadron's Operations Officer and Detachment THREE Officer in Charge aboard USS OLDENDORF (DD 972), conducting counter-narcotic operations in the Eastern Pacific.

Captain Conley was then assigned to the Joint C4ISR Battle Center at U.S. Joint Forces Command (USJFCOM) in Norfolk, Virginia, where he was responsible for assessments of advanced C4ISR technologies. He also graduated from the Joint Forces Staff College while assigned to USJFCOM.

In April 2005, Captain Conley reported as the Executive Officer of the HSL-49 "Scorpions" and assumed duties as Commanding Officer from June 2006 to August 2007. Following his command tour, he served as Air Operations Officer for Commander, Task Force SEVEN ZERO / Carrier Strike Group FIVE in Yokosuka, Japan.

Captain Conley recently completed a second command tour from April 2010 until May 2012 with the HSM-40 "Airwolves", the Navy's East Coast MH-60R and single site SH-60B Fleet Replacement Squadron. During this time, the squadron was recognized with the Theodore G. Ellyson Aviator Production Excellence Award for both 2010 and 2011.

BIRDIES FOR CHARITY
Time is growing Short

Time is growing short to participate in this year's Birdies for Charity.

All entries must be in no later than 5pm on Wednesday, May 7th. And your last chance to donate in person will be our April Dinner. Remember, for a $20 minimum donation (all of which stays with Mayport Navy League) you have a chance to win $5000. And if you win -- so does Mayport Navy League!!

If you can't attend our April dinner, you can donate online at birdiesforcharty.playerschampionship.com. Please select Mayport Navy League as your charity. Invite your friends and family to participate as well.

Again ..... every dollar you donate remains with the Mayport Navy League to support our programs. Good luck!

Battle of Midway Commemorative Dinner

Guest Speaker
Admiral Jonathan Greenert USN
Chief of Naval Operations - *Invited*

Event will be held at
The Renaissance Resort at World Golf Village.
Cocktails begin at 6 PM - Dinner at 7 PM.
Reserved seating.
Hosted by
The Mayport Council Navy League of the United State
SAVE THE DATE - June 7, 2014

ALS Walk - April 12th *join "Captain Dave's Team*

As many of you know, our Past President, Captain Dave VanSaun, fought a heroic battle with ALS, with his wife Doris as his primary care giver. Dave lost his battle with ALS on 17 November 2012.
For several years, our Mayport Council has joined the Jacksonville annual ALS Walk to raise funds to defeat this awful disease under the banner of "Captain Dave's Team."

This year we are again joining this most worthwhile effort - Saturday, 12 April, starting at Seven Bridges Grille and Brewery parking lot (9735 Gate Parkway, Jacksonville, FL 32246 - by the intersection of Gate parkway and Southside Blvd - Tinseltown Theater).

Check in starts at 8:30 AM and the walk begins at 10 AM. The walk is 2 miles along a residential area of beautiful tree lined streets. The emphasis is on the word "WALK" - some of us take it at a nice strolling pace!

To register and pledge support, please go to: webfl.alsa.org
Click Register for the Walk to Defeat ALS at the bottom of the page.
Click on the Jacksonville Walk under Florida
Join a team
Type in Captain Dave's Team at the bottom where it shows team name.
It will then bring up team with Debbie Herrera as Team Captain - click on join next to that.

Then either mark as a fundraiser walker or a virtual walker - answer the questions that follow and then enter next at the bottom of page.

Next screen will have you log-in if you are a returning walker or complete information if a new walker.

Thank you for your support - through these efforts, cures are found - and lives are saved.

Doris VanSaun and her family truly appreciate your support!

Sea Cadet News

Your Mayport Naval Sea Cadets had their Annual Inspection on March 1st 2014. Our ranks have grown to 42 cadets this year so far, something we are very excited about and very proud of.

We have in addition, added several very qualified instructors which was very much needed. Our Annual Inspection score was a 3.5 out of 4, which will mean that each cadet will be getting a Commendation Ribbon due to our score.

On March 15th Brian Kennedy helped to hook up our Mayport Sea Cadet Unit for a training at Gateway Rifle and Pistol Club. There was not a single cadet or instructor who didn't have a total blast! We had a near perfect attendance as our cadets did not want to miss this training!

We started with a gun safety course and test. Then Brian gave our cadets a history of Marine Corps firearms from the 20th & 21st century.

We then proceeded to the gun range. Each cadet had the opportunity to shoot weapons that our Marines used in WWII, and currently use today.

Many thanks to Brian Kennedy and all those at Gateway Rifle and Pistol Club who helped to make this a very informative, exciting and fun training for our Sea Cadets!

Jim Young

Corporate and Community Affiliate Membership - What's is all about!

The Corporate Membership program is structured to help industry maintain a strategic position in front of key military, civilian defense, and homeland security decision makers. From Washington, DC programs to local events with our Councils nationwide, the Navy League can help enhance your company's brand and patriotic reputation among industry and military leaders alike.

Community Affiliate Memberships demonstrates a company's commitment to the local council and a desire to support and advance the objective and purpose of the Navy League. This membership is designed for companies whose business is primarily local rather than national in scope. Community Affiliate membership demonstrates your desire to support young people through our special youth programs and scholarships.

Council activities range from special military installation visits and ship tours or cruises to a wide variety of social events as luncheons or dinners during which members of the Sea Services are honored or presented with awards. Council members work together to foster common local interest and to promote maritime issues of national importance.

And along the way, we have a great time!
